MORE TESTIMONY

War Investigating Committee Still at Work Taking Evidence in Washington and Elsewhere.

HOSPITAL TENTS SCARCE

General Lawton Testifies As to Conditions and Things in General and Nothing in Particular.

Cincinnati, Nov. 4.—The war investigating committee today heard the testimony of Dr. Menge, a contract surgeon serving with the 6th Infantry. He testified to the absence of hospital tents for his regiment while in Cuba, and said he treated the sick in the regiment in preference to sending them back to the division hospital because of the difficulty of transportation.

Lawton's Testimony. Washington, Nov. 4.—Acting for the war investigating committee, Colonel Denby took the testimony today of General Lawton, who commanded the 2d division, 5th corps, in the Santiago campaign, and who has but recently been relieved of the command of the department of Santiago. In speaking of the voyage over, he said there was some confusion owing to misunderstanding of orders, but did not believe that any real hardships had been occasioned thereby. After giving the particulars of the landing, General Lawton described his march to Siboney, referred to the battle of Guasimas and told how he had pushed forward toward El Caney and prepared for the fight there. He said that on the morning before beginning the battle, after having laid his plans before General Shafter, he rode with his brigade commanders over the grounds. Referring to the result of the battle at El Caney, he said: "I had received imperative orders to move to the left, to the right of General Wheeler's command, but my situation was such that it was impracticable for me to leave El Caney until I had captured it." Lawton said his division lost 410 men killed and wounded, but all the wounded were accounted for.

"Knowing there was going to be a fight, how does it happen you did not have enough litter, enough surgeons and a proper hospital corps?" Colonel Denby asked. "Well, I cannot say there were not enough," Lawton replied. "How do you account for the fact that the medical men did not provide themselves with everything necessary for taking care of the wounded?" "I think they did provide themselves with everything they thought necessary, considering the material they had to choose from."

HAVE IDEAS ALTOGETHER TOO LOFTY

Cuban Street Laborers with Better Pay Than Ever Given Before, Insist Upon More.

Santiago, Nov. 4.—The Cubans employed in cleaning and repairing the streets of Santiago have struck for higher wages, though receiving \$1 a day or 50 cents and two rations higher than was ever paid for similar work. General Wood absolutely refused to accede to their demands. He says he will arrest every laborer able to work, and under the vagrancy law compel him to work 30 days for rations while confined in jail. He dislikes to import labor, but believes this to be the ultimate result.

CUBAN TROOPS IN DISTRESS.

Their Commander Writes to Washington for Necessaries of Life, and Sets Forth Their Dire Needs.

Washington, Nov. 4.—A letter from Lieutenant Colonel Garbano, of the 10th Infantry, has been received here, in which he states that the Cuban troops are in such a state of distress that they are unable to maintain their position. He writes that the troops are suffering from lack of food, clothing, and shelter. He requests that the government provide them with the necessities of life. The Cuban commander also states that the troops are being treated with cruelty and are being forced to fight against their will.

Sale of an Island to Be Cancelled.

Toronto, Ont., Nov. 4.—The foreign office explanation of the sale of the Island of Anticosti at the mouth of the St. Lawrence river to the subject of a foreign power, is that the purchaser is a French capitalist, who is evicting English settlers and could with sufficient arms control the St. Lawrence river. In the event of war between Great Britain and France this would be of immense advantage to France. The British government will order the cancellation of the sale.

WEYLER IN A NEW ROLE.

He is Discovered to Have Robbed the Philippine Treasury and Imprisoned Two Innocent Men for the Crime.

San Francisco, Nov. 4.—A special to the Chronicle from Manila says: Direct evidence connecting General Weyler, of Cuban fame, with the wholesale looting of the Philippine treasury has been unearthed. Maximiliano Rosales and Julian Reyes, sent to prison as scapegoats for the official thieves, have been liberated by order of Major General Otis. Rosales and Reyes declare that Weyler and his associates looted the treasury of \$1,300,000 Mexican silver, accused them of the crime and sent them to jail.

State of Terror at Spokane.

Spokane, Washington, Nov. 4.—The mayor has issued a proclamation enrolling all persons over 21 years age as special constables to assist in arresting the robbers who have been rampant lately. A reward of \$500 is offered for the conviction of any one of the robbers.

HOPELESSLY CONSERVATIVE PRINCE.

The Man Who Has Won Over the Dowager Empress and Given Bows and Arrows to the Chinese Troops.

Peking, Nov. 4.—In spite of the formal promises of the Chinese foreign office, there is every indication of a concerted movement of Chinese troops in the neighborhood of the capital. Khang Nyl, a manchu officer, was next in rank to the late Prince Kung, in the kloun ki tschu or council of state, and obtained great influence over the dowager empress. He is bitterly anti-foreign, and is the instigator of the edict re-establishing bow and arrow exercise for the Chinese soldiers.

Traffic Association Dissolved.

New York, Nov. 4.—The board of control of the Joint Traffic Association decided today to dissolve the organization because of the recent decision of the Supreme court that the effort of the association to control railroad rates was illegal.

CONFEDERATES GET PENSIONS.

Texas Has Adopted a Constitutional Amendment Granting Pensions to Her Ex-Soldiers.

Dallas, Tex., Nov. 4.—The constitutional amendment voted on last Tuesday authorizing the pensioning of confederate soldiers has been carried. It provides that all ex-confederates who settled in Texas prior to 1880 are eligible to pensions; but not one should receive more than \$5 per month, and the annual appropriation for pensions shall not exceed \$250,000.

TO LAND AT PUERTO PRINCEPE.

Although Vessels Can Not Approach Within Ten Miles of the Port—Troops to Be There November 22.

Washington, Nov. 4.—The quarter-master's department of the army has begun arranging to ship General Carpenter's brigade to the province of Puerto Principe. Nuevitas has been selected as the place of landing, but as the transports will not be able to get within 10 miles of this port, troops and supplies must all be landed with lighters. Troops are to be in Puerto Principe on the 22d, and it is intended to have them embark at Savannah.

THEY DON'T LIKE IT.

Puerto Ricans Think They Ought to Be Treated Like Native Born American Citizens.

New York, Nov. 4.—General Roy Stone, just returned from Puerto Rico, says that the people of Puerto Rico are not satisfied with American rule. There is growing difference between the natives and the soldiery. When the army of occupation invaded the island the natives received the Americans cordially, as they expected to be treated as the people of this country, and not as a conquered province. The treatment they received has been just the opposite, which has produced a chill.

SPAIN MUST YIELD

American Peace Commissioners Insist on Spanish Surrender of Sovereignty Over Philippines.

ARMY AND NAVY PREPARED

United States in Much Better Shape to Resume Hostilities Than at the Outbreak of the War.

Paris, Nov. 4.—The statement is printed here today that in the joint session of the peace commissioners today the Americans insisted upon the complete surrender of Spain's sovereignty over the Philippine islands, and in event of the Spanish commissioners refusing to agree, Judge Day, president of the American commission, acting under instructions from Washington, will present an ultimatum to the Spaniards. It is further alleged that the seeming haste is due to a desire to settle the negotiations before the elections in the United States.

The Americans expect to patiently weigh all points involved and carefully consider the arguments of the Spaniards. The two commissions met this afternoon. The Americans were aware before the session opened that the Spaniards would decline their proposal made Monday. The joint session today lasted two hours. The Spaniards refused the propositions of the Americans, but negotiations were not broken off. While no formal counter proposition was made, there was a discussion of the Philippine question outside the lines of the American propositions. The two commissions adjourned until Tuesday.

The Navy is Ready.

Washington, Nov. 4.—The administration is waiting results from the peace commission with equanimity in realization that the government is perfectly well prepared for any turn negotiations may take. The navy especially, is prepared, should it come to resumption of hostilities, far in advance of its condition at the outbreak of the war. All the splendid fighting machines of the North Atlantic squadron have been docked, cleaned and thoroughly refitted at the New York and Norfolk navy yards. Admiral Dewey has also taken precautions in the case of his own vessels by having dispatched them, one by one, to the big British dock at Hongkong, where they have been placed in as good condition as was possible outside of the home docks.

Expert military authorities say that the army, as a whole, though smaller, is a more formidable weapon than it was at any time during the war, the troops now in service having had the discipline of several months of hard training.

Admiral Bunce telegraphed the Navy department today that the cruiser Buffalo sailed at noon for the Philippines via Suez, and the gun boat Helena sailed yesterday. With the accessions of Barker's squadron of transports and colliers, Admiral Dewey will have a formidable fleet, probably second in offensive power to only one European nation, namely, England, in the western waters.

The Premier's "Opening Load."

Paris, Nov. 4.—The chamber of deputies re-opened today with a crowded assembly. Amid great animation the new premier, M. Dupuy, read the ministerial declaration, and affirmed the supremacy of the civil power as a fundamental principle to a republican state, and at the same time expressed confidence in the army, which he added would faithfully respect the laws of the republic.

France Backs Gracefully Down.

Paris, Nov. 4.—A semi-official note issued this evening says the government has resolved not to retain the Marchand mission at Fachoda, adding that this decision was arrived at by the cabinet after an exhaustive examination of the question.

RELIEF FROM PAIN.

Women Everywhere Express their Gratitude to Mrs. Pinkham.

Mrs. T. A. WALDEN, Gibson, Ga., writes: "DEAR MRS. PINKHAM:—Before taking your medicine, life was a burden to me. I never saw a well day. At my monthly period I suffered untold misery, and a great deal of the time I was troubled with a severe pain in my side. Before finishing the first bottle of your Vegetable Compound I could tell it was doing me good. I continued its use, also used the Liver Pills and Sanative Wash, and have been greatly helped. I would like to have you use my letter for the benefit of others."

Mrs. FLORENCE A. WOLFE, 515 Mulberry St., Lancaster, Ohio, writes: "DEAR MRS. PINKHAM:—For two years I was troubled with what the local physicians told me was inflammation of the womb. Every month I suffered terribly. I had taken enough medicine from the doctors to cure anyone, but obtained relief for a short time only. At last I concluded to write to you in regard to my case, and can say that by following your advice I am now perfectly well."

Mrs. W. R. BATES, Hanfield, La., writes: "Before writing to you I suffered dreadfully from painful menstruation, leucorrhoea and sore feeling in the lower part of the bowels. Now my friends want to know what makes me look so well. I do not hesitate one minute in telling them what has brought about this great change. I cannot praise Lydia E. Pinkham's Vegetable Compound enough. It is the greatest remedy of the age."

NEW MEXICO ROUGH RIDERS.

Colonel Roosevelt Warmly Praises Their Daring in War Scenes. (Washington Times.)

Miguel A. Otero, governor of the territory of New Mexico, in his report for the year ending June 30, 1898, referred with pride to the fact that over 500 of Roosevelt's Rough Riders participated in the Cuban campaign. He includes in his report a letter from Colonel Roosevelt, sent from Santiago under date of July 25, which in part follows: "I write you a line just to tell you how admirably the New Mexico troops in the battalion of the Rough Riders, which I have commanded before Santiago, have behaved. Three of the eight troops with me were from New Mexico, being commanded by Captains Muller, Luna and Llewellyn. All three captains and all three troops distinguished themselves. As for the troops themselves, I cannot say too much for their daring and resolution in battle, their patient endurance of every kind of hardship and labor and their discipline, ready obedience and order in camp, these last qualities being indispensable to soldiers as courage itself. I am more than proud to be in the same regiment with them. I can imagine no greater honor than to have commanded such men."

Colonel Roosevelt speaks particularly of the bravery of Captains Muller, Llewellyn and Luna. The governor most earnestly renews his recommendation, made in his last report, with reference to the early admission of New Mexico as a state of the union.

Two Very Good Appointments.

Judge John R. McEie has appointed Messrs. Smith Simpson and Squire Hart, Jr., to the board of teachers examiners of Taos county. These two appointees are well known and life long citizens of the county, thoroughly acquainted with the school system and will perform the duty of the office properly and with a due regard to the best interests of the school system of Taos county.

Will Be Quiet and Peaceful.

Raleigh, N. C., Nov. 4.—The outlook at noon today is that the election of Tuesday will be a quiet affair and no serious disturbance will take place at the polls. The acquittal of Captain Kidney and others charged with intimidating voters registering, is cited by the Democrats as evidence that the reports of intimidation have been exaggerated.
